

Chalmers Studentkårs Engelska ordlista - Chalmers Student Union Wordlist

Inledning

Denna ordlista är framtagen under 13/14 av genom en insamling av ord på kårens utskott som sedan översatts av Utbildningsenhetens Ordförande i samarbete med Kommunikationsavdelningen och en engelskspråkig teknolog. Ordlistan vänder sig mot alla som engagerar sig inom kåren och vill kommunicera på engelska. Syftet med ordlistan är att kårens kommunikation på engelska ska vara enhetlig. Ord markerade med asterisk i ordlistan är desamma som högskolans översättning av samma ord och bör inte förändras om inte högskolan byter ord.

Ordlistan finns sorterad på tre sätt för att vara så lätt att använda som möjligt: Utifrån ämnesområden, från A-Ö utifrån de svenska orden och från A-Z utifrån de engelska orden.

Ordlistan skall uppdateras kontinuerligt så om du har några förbättringsförslag, till exempel ord som behöver översättas, skicka ett mail till words@chs.chalmers.se.

Introduction

This wordlist was created for the first time during 13/14. The words that were translated was collected during advisory committee meetings and the words were translated by the Educational Affairs Officer, the Communication Department and a student natively speaking English. The wordlist is meant for anybody who works on any level in the Student Union organization and aims at making the Student Unions' communication in English more coherent. Words marked with an asterisk are the same translation as the University uses and should not be changed unless the University decides to change their translation.

The wordlist is sorted in three different ways to make is easier to use: According to subjects, from A-Ö according to the Swedish words and fram A-Z according to the English words.

The wordlist is supposed to be updated continuously so if you find any ways to make it better, do not hesitate to send an e-mail to words@chs.chalmers.se.
