What's inside?

About the student union

Why is there a student union?
Who runs it? And how is it run?
Learn everything on **p. 7**

Get involved

Play in a band, do sports, wear prom gear, take pictures, organize tastings or the largest indoor parties in Sweden. Getting involved is easy, fun and creates memories for life. **p. 30**

Your Student Division

Most activities start at your own Student Division. Browse from A-Ö through your local list of committees and societies. **p. 59**

Welcome to your new family!

From your first day until graduation, the student union will do its best to take care of you. Here is how.

Your life at Chalmers will be a fun and learning experience, but sometimes tough. We will have your back if something happens in the classroom, the nightclub or the lab. We listen, we react and we care - because the union is made out of incredible material - its members.

We also monitor the education (making sure it is top notch) and influence the university. This book will guide you through the amazing opportunities your union offers.

And when you leave us one day, you will be a part of a world wide network of alumni providing you with contacts and friends for the rest of your life.

THINGS OWNED BY US STUDENTS:

Pool, sauna,
laundry room, convenience store, gym hall, and much more.

16 Student Divisions

Teknologsektioner

You are a member of both a student division and the student union. The divisions are independent and associated with a specific study program but a part of the union. More on the divisions on p. 59

How we are run

We are a membership organization run by its members - for its members. We are committed to everything concerning your student life during your time at Chalmers.

All 11 000 students at Chalmers are members of the union. That means 11 000 strong voices who can affect, change and make the student experience more fun and meaningful.

However without being properly organized things could easily get out of hand. That is why we have a **student union council** who are elected by its members and who make the strategic decisions regarding the union.

The everyday work is lead by a **management team** (*Kårledningen*) and of course all the thousands of volunteers within the union. Learn how we are organized on [p. 8](#)

Council committees

Nämnder

Nominates trustees and reviews Cortège and the student union election.

These committees are working groups assigned by the council to perform a specific task. They report directly to the council and the student union board has no influence over them.

Nomination Committee

(Valberedningen)

Assigned to pre-process the elections carried out by the council. The committee recommends candidates for each position however, it is still the council who makes the final decision. Nominations are based on interviews and the committee consists of five to eight members.

Committee of election complaints

(Besvärsnämnden)

If a student union member suspects that the general election for council has been carried out in a questionable manner, an appeal should be made to the committee. They investigate the matter and gives a recommendation to the election committee or the council. The committee consists of the student union Inspector, the speaker of the council and three additional members.

Committee of review of the Cortège

(Cortègens granskningsnämnd)

Assigned to overlook the Cortège and its program. The student union Inspector is the President of the board and has veto on the Cortège's form.

Election committee

(Valnämnden)

The election committee consists of up to 8 students and handles the general election for council. They strive for the election to be carried out in a democratic manner and according to the union constitution.

The committee is in charge of doing all the PR and marketing for the election and make sure all students know their democratic right to both stand for council and vote. Applications open at the end of the first study period.

All members have
the right to nominate
themselves to any of
the council committees.

Student Union Management Team

Kårledningen

These are your student officers who have chosen to devote one year to lead the union on a daily basis. They are elected by the council (*Fullmäktige*) and nominated by the Election Committee (*Valberedningen*). The team consists of a board (the responsible officer for each office) and their corresponding deputy officers.

The offices are: education, student welfare, corporate relations and management.

The team and its staff is located in the student union building at Johanneberg.

Below: Selected management teams from 1932 up until 2019. In the beginning there were fewer members. In some photos only the board is presented, not the entire team.

- Parking
- Restaurant, Café

Facilities

Sweden's largest student union building. An idyllic recreational area and a railway car. Some of many things that provide students with leisure, a place to study and arrange activities.

About 20 km east of Gothenburg, HÄrryda, our own recreational area is located, overlooking lake Sandsjön. Come here anytime to chop wood, go fishing, swimming and finish with a hot sauna.

All chalmerists may at any time visit the area, according to the so called "Chalmerska allemansrätten".

Cabins, saunas and train car can be rented at student friendly prices.

Sports cabin

Cosy and fully equipped cabin with kitchen, toilets, showers, beds and an open fireplace.

Grand cabin

Built in 2016, this incredible facility offer a grand view of lake Sandsjön and can hold up to 120 sitting guests. Complete with two floors and a restaurant style kitchen.

C.S. Sauna

Lakeside wooden sauna built by Teknologföreningen C.S. in 1964 and given to the union on our 100th birthday. Renovated in 2016 with dual heating units (wood and electricity). Presumably the largest student owned sauna in the world, fitting 60 people.

Sleeping cabin

Cosy, wooden cabin with 15 beds in a shared room.

Train car

In 2004 the student union received a railway car from SJ. This is now used for conferences, parties and hangouts for both old and existing members of the union as well as companies and is located next to Geniknolen on campus Johanneberg.

Union building Johanneberg

Sweden's largest student union building, built in 2001, adding on to the existing building from the 1950's (today called "Kyrkan"). The new part is drawn by architect Gert Wingårdh (A75) and has won the Kasper Sahlin-prize. Includes a conference area, cinema, sauna, indoor pool, gym hall, night club, convenience store, group rooms, music room, pub and restaurants.

This is also where the student union officers, the staff, information desk (Kårservice) and most of the union committees are situated.

Union building Lindholmen

Located in the heart of campus, the union building at Lindholmen provides affordable lunches, lots of light and a union bookstore. There is also a small office weekly used by the student union management team in order to answer any questions you might have.

GET INVOLVED

How to get involved

Who is behind the amazing student life at Chalmers?

All the parties, fun, tastings, movies, theatre shows, concerts and receptions are the work of volunteering students. Finding new friends and gaining experience are the main reasons for getting involved.

Student union Committees

To join the committees within the student union you normally have to "aspa" which means no strings attached while you meet the committee and learn more about their work.

[More on p. 32](#)

Student union council

It is in the student union council and its appointed committees the big decisions are made. Stand for council, be the speaker or join the nomination committee to truly make a difference.

[More on p. 10](#)

Company board member

Our many companies need student board members almost annually.

[More on p. 56](#)

*A more equal
Chalmers?
Join one of many equality
committees!*

*Love sports?
Join one of our many
societies!*

Student division

A lot of people join societies at their own Student Division. Each division normally provides a wide range of activities to choose from.

[Find your division on p. 59](#)

Student union societies

These fall under the student union meaning that half of the members are students at Chalmers but basically anyone can join. Societies determine their own activities.

[More on p. 39](#)

Student union management

Sabbatical trustees run the daily work of the union every year. They are nominated by the nomination committees and elected by the student union council.

[More on p. 14](#)

Committees

The union committees have specific assignments, varying from organizing Cortège to documenting and photographing activities within the union. Any member can apply to join a committee.

Chalmers Cortège Comité (CCC)

Every spring Gothenburg citizens gather to behold the Cortège. The parade is created by chalmers who construct their own vehicles and amusing sceneries. CCC organizes the event, the building week and entertainment in between. Partake in the fun and keep a tradition since 1909 alive: Join the Cortège!

Experiences, discounts and campus services

ENHANCE
YOUR STUDENT
LIFE BY GAINING
EXPERIENCE IN OUR
COMPANIES

Student friendly services - run by your union

WE PROVIDE
CAMPUS SERVICES
AT STUDENT
FRIENDLY PRICES

Through our companies, students are provided with benefits, experience through jobs and daily services on campus.

The student union corporation is a well-operated organization who handles most parts of the business within the student union. Apart from this we run a couple of companies that supplement the range of the non-profit part of the organization.

Financial benefits for you

Commercial businesses should not profit from our students - that's why our profits are reinvested into our business.

It matters greatly to us that private commercial businesses can't overcharge students on campus.

All the business within our companies therefore aim to not just be affordable but even give discounts. The restaurants can provide discounts due to our conference center that brings us the necessary profits to reinvest for our members. Relevant services and affordable prices are part of these reinvestments.

Accessible service on campus

Your time is valuable - that's why we want to provide services that makes your every day life easier. All students should have access to affordable services. Affordable might not always mean the cheapest at all costs because we also regard quality and environmental issues. The student union also wants the services to be adapted to student's time frames rather than the most lucrative opening hours.

Gain experience - with extra work with us

Every student should get that little extra something from Chalmers - that's why we provide opportunities to develop your skills and talents.

Having a corporation with both employees and trustees as well as non-profit projects gives our members chances to try being a CEO for a year, doing sales and marketing, being a consultant or working with human resources while studying.

Be a board member

Each company within the corporation has its own board. To ensure student focus each board has student members. Being a board member does not only give you influence but also valuable experience. More on **p. 56**

Who decides in the end?

It is the student union council who determine what the corporation should focus on. More on **p. 10**

✉ info@foretagsgruppen.com

Our companies

Thanks to us owning our restaurants, cafés and conference centres we can provide job opportunities and affordable student friendly service on campus. The surplus goes back into the organisation.

Chalmers

konferens och restauranger

Our restaurant and conference center provides professional services to external and internal clients. As a student you can also use them for catering at affordable prices and you can work extra if you want. You can also be on several boards if you want to affect how the business is run.

How your union card works

Your journey at Chalmers starts with becoming a member of the student union. Once you receive your physical card, you will have access to all what campus has to offer. Learn more about how your two card versions work and how to tell them apart.

Physical card

Just like a keycard, this version gives you access to buildings and rooms around campus. And just like a credit or debit card, you can use it to pay locally and get discounts automatically.

Top up card at:
chalmerskonferens.se/gastkarkort/karkort

Digital card

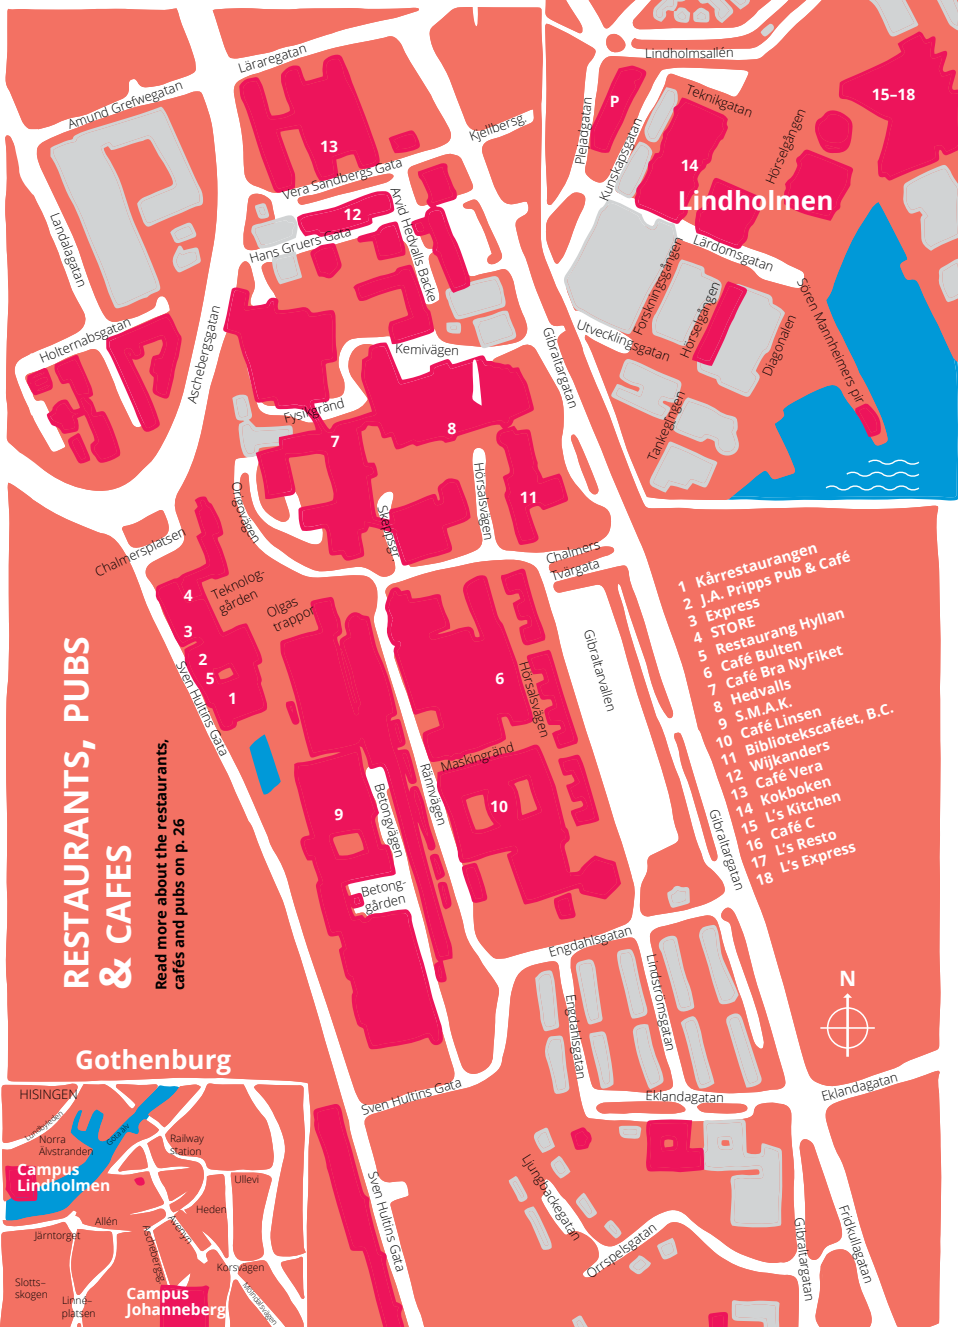

By using the Mecenat app on your smartphone you can use it as a student ID for external discounts such as Västtrafik and SJ. It may also be used as a student ID for campus events that require it. When traveling internationally, this is also your student ID. It is also valid as a student ID for exams.

RESTAURANTS, PUBS & CAFES

Read more about the restaurants,
cafés and pubs on p. 26
