Before you book

Requirements

To book Chalmers Student Union's vehicles and gain access to the key safe, the following requirements must be met:

1. You must have completed the car education.
2. You must have signed the key safe contract. The key safe contract is valid for one year.
3. You must have asked for access to the key cabinet on your room tag at the Information Desk.

Who may book?

Those who are allowed to book and drive Chalmers Student Union's vehicles are:

- Union committees
- Union societies
- The management team
- Chalmers Studentkår Promotion

It is strictly forbidden to book and drive the Student Union's vehicles if you do not meet the requirements.

Whoever makes a booking is responsible for the vehicle, regardless of who the driver is. The person who books a vehicle should always be the driver.

Union societies may book the following vehicles:

- The Caddy
- The trailer
- Elmilia

In addition to the above, Union committees, the management team and ChS Promotion may book the following vehicles:

- The Volvo
- The CCCar during the autumn semester
- The Seaside bike

Book, check out and use vehicles

1. Book a vehicle via portalbilbokning.2ma.se according to the instructions below.
2. You will receive an SMS 5 minutes before it is time to pick up the car.
3. Unlocking is done by putting the tag on the cabinet's RFID reader.
4. The safe is unlocked and the key may be removed from its compartment.
5. When the vehicle is to be returned, place the key in the correct compartment and close the safe - the vehicle is automatically locked.

Drive economically and safely!

Refuelling

The cars each have their own Circle K refuelling card in the folder. These can only be used to refuel the car at Circle K stations, it therefore is not possible to buy anything else on these cards. It is important that you use the right card for refuelling the right car.

To be able to ask for a refuelling card code, the following criteria must be met:

1. The user must have a booking for the car in question.
2. The car must be picked up/checked out.

Get the PIN code

1. Send SMS with the text **2MA TANKA** to **72323** from the mobile number of the user who booked the car.
2. Replies are sent back with an SMS containing: Card issuer and pin code.
3. If the conditions according to the above are not met, explanatory answers will be sent back. For example, if you do not have a current booking you get the answer “*You must have a current booking to be able to retrieve the refuelling card code*”.

All requests for tank card code are logged. Note that all commands can also be sent in lower case.

Change my user information

1. Click ***Mina uppgifter/My Tasks*** in the box at the top right
2. Select the ***Översikt/Overview*** tab
3. Check that the ***e-mail address*** and ***phone number*** are correct.
4. Makes changes if something is not right - save by clicking the ***Spara/Save*** button
5. To change the password, select the ***Ändra lösenord/Change Password*** tab
6. Enter your old password and new password (twice)
